Meeting Notes

Onboarding of Nachiket

- **Nachiket Ban** joined as a new team member, bringing experience in digital twins for autonomous vehicles and cities.
- He highlighted his transition from physical data collection (LiDAR, photogrammetry) to using open-source data (Mapillary, Google APIs, satellite data).
- Harsh Vardhan welcomed him and noted his skills align with the Infrastructure Intelligence vertical.

Project Updates

Backend & Infrastructure (Lakshit Gupta)

- A new API pipeline was implemented in Prakhar to handle rate limits for GIS data.
- GeoTIFF files for building heights and roads are being processed.
- Most assets (cars, planes) are ready, with final touches needed.
- Shift to Unreal Engine may require significant graphics adjustments but is feasible.

Prototype for Lucknow Event (Prakhar Saxena, Shyam Narayan Nayak)

- A dashboard prototype is ready and being tested.

- Deployment and optimization are in progress, with live streaming support planned.
- Posters for the event will be finalized with content from Harsh, ensuring proper resolution and SEO.

Digital Assets (Tarun Gajibimkar)

- A Linktree-style landing page was created with main links (website, LinkedIn, WhatsApp).
- Task to integrate company logos and finalize the design.
- Development of NFC cards and QR-based solutions for contact sharing is underway.

Research & Documentation (Anvesh Mishra)

- Research documents from Arvind have been reviewed.
- Task to create four small prototypes based on feasible phases from the research.

Company Culture & Vision

- Harsh Vardhan emphasized the startup's open culture, multidisciplinary approach, and focus on solving real-life problems in infrastructure, healthcare, and defense.
- Team members are encouraged to engage with official social media posts to support upcoming incubation and review events.

Memorable Quotes

"Intelligence is free and it's the same for creation. It's all about how much effort and curiosity you have." - Harsh Vardhan
 "I'm very excited to work with you. That's why I feel I'm at the right place." - Nachiket Ban
 "Our approach is quite different. We don't want to be part of the status quo where everyone is fighting for one problem-solving."
 - Harsh Vardhan
