

MINUTES OF MEETING

Morning Stand Up Meet Hypotenuse Analytics

Meeting Info

Organizer:	devanshi@hypotenuseanalytics.com
Date & Time:	31 Aug 2026, 10:30 AM IST
Attendees:	27 participant(s)
Meeting Link:	https://meet.google.com/ykk-phns-wcp

Meeting Notes

General Updates & Collaboration

- Devanshi Jaiswal informed the team that she spoke with Ayush, who is most likely joining Spark Shopping.
- The team discussed potential POC projects with this contact, aiming to explain their technical capabilities and foster collaboration over time.

Technical Discussion: Data & Assets

- **Lidar & Drone Data:**
 - Satveek Gupta suggested obtaining Lidar footage first.
 - Devanshi Jaiswal confirmed that the contact (from the loan club) has a drone with a normal camera and that she can facilitate obtaining the data.
- **Asset Creation from Maps:**
 - Satveek Gupta mentioned a new map created by Granite, which could be used to create digital assets like buildings and street lamps.
 - He noted that creating a 1:1 replica of a tree would not be possible, as per "sir's" feedback.
 - The process requires significant developer effort, making it more feasible for city-scale projects than for smaller ones.

Operational & Scheduling Items

- **Team Availability:** Satveek Gupta indicated he is not free, likely due to a heavy workload.

- **Meeting with Contact:** Devanshi Jaiswal will contact Vansh (from the DPU team) to get a contact number and arrange a meeting.
- **Timeline:** There was a mention of potentially meeting on the 3rd, but details remained unclear.

Marketing & Infrastructure

- Satveek Gupta requested a marketing template to be sent.
- Prakher Saxena discussed using AWS Amplify for front-end hosting and CloudFront for content delivery, noting it handles low usage (up to 4-5k requests) for free.
- Devanshi Jaiswal was asked to send an HTML file related to the discussion.

Memorable Quotes

"Lidar drone?" - Satveek Gupta
 "I'm a developer... my parent is a parent" - Satveek Gupta
 "Low usage, free" - Prakher Saxena

ACTION ITEMS

#	Action Item	Assigned To	Deadline
1	Contact Vansh (from the DPU team) to get the necessary contact number and coordinate a meeting.	Devanshi Jaiswal	N/A
2	Obtain Lidar/drone footage from the contact for the project.	Devanshi Jaiswal	N/A
3	Send the HTML file related to the marketing/discussion to Satveek Gupta.	Devanshi Jaiswal	N/A
4	Send the marketing template to Satveek Gupta.	Devanshi Jaiswal	N/A
