Meeting Notes

Project & Technical Updates

- **Surveillance Product:** Prakher Saxena reported the dashboard is ready, focusing on detection and alerts. The team uses YOLO for now but plans to train their own model.
- **Hardware Prototypes:** Harsh Vardhan mentioned plans to build prototypes using a new hardware hire, aligned with the company's organic use cases.
- **Automation Pipeline:** Prakher Saxena is working on the automation pipeline, with a focus on SEO updates post-task completion.
- **Video Surveillance & Data:** Harsh Vardhan discussed the need for 2-3 months of quality real-world data (e.g., CCTV feeds) to train models effectively. Lakshit Gupta and Prakher Saxena noted that current datasets are available but limited.
- **Digital Marketing & Tools:** Devanshi Jaiswal shared a new lead outreach tool with an open-source embedded SMTP server. Rakshi A will explore its cost and feasibility for WhatsApp API automation.

Resource Allocation & Team Dynamics

- **New Hire Onboarding:** A new hardware-focused team member will join on September 1. Expectations for full-time vs. part-time team members will differ.
- **Performance Concerns:** Harsh Vardhan expressed frustration with slow progress since August 15, stressing that company outcomes must take priority over individual schedules. He emphasized a need for stronger focus and accountability.

- **Skill Deployment:** Harsh Vardhan wants to involve Shyam Narayan Nayak more in automation tasks. Shyam mentioned he is available after 5:30 PM from college.

Administrative & Business Development

- **Incubation Programs:** The team reviewed applications for IIT Delhi FIT and IIT Kanpur programs. Devanshi Jaiswal submitted materials and provided answers via PDF. There were issues with OTP login for the Startup India (Slush) portal.
- **Patent & CRM:** Rakshi A reported bottlenecks in submitting patent documentation for certain forms. Harsh Vardhan asked for a filtered report of unbottlenecked forms.
- **NVIDIA Inception Program:** Devanshi Jaiswal received feedback to remove the NVIDIA logo from a pitch deck for Capital Connect. The team will explore the NVIDIA resource.

Memorable Quotes

"If outcome is not there, result is not there, focus is not there... company comes first."
 - Harsh Vardhan "I don't want to take culture for granted." - Harsh Vardhan "We need to align the company in a way the cost versus output be at least balanced." - Harsh Vardhan
